

DEMOCRATS IN BIG CONVENTION

Continued from First Page.

At the regular "night before" gathering at the Quincy House the committee on resolutions had put into final shape the platform which was to be submitted to the convention.

Features of Platform.

Features of the platform adopted were the following:

1. We demand that the Payne-Aldrich tariff act be repealed and that there be substituted in its place a tariff from which there shall be eliminated every opportunity to monopolize the industries of the United States and to strangle domestic competition.

2. We demand that the tariff be put on all foodstuffs which are necessary to life as a means of lightening in material measure the sufferings of the people from the increased cost of living.

3. We demand that the raw material of our manufacturers of our great industries be made at home.

"We unreservedly commend the administration of Governor Foss; his record appeals to the people of the Commonwealth, regardless of party affiliations, and entitles him to re-election, not only by way of approbation of what has been achieved under his administration, but as a guarantee of great reforms, yet to be accomplished.

We believe that the question of equal suffrage should be submitted to the vote of the people, in the manner

We believe that the hours for holding the primaries should be uniform throughout the Commonwealth. Under the present primary law many citizens are intimidated from voting, owing to the necessity of making a public declaration of their party preference.

District Attorney Pelletier, in accepting the temporary chairmanship referred to the I. W. W. troubles in Lawrence, saying:

Mr. Pelletier said:

Pelletier's Speech.

"Upon Governor Foss we have again placed the responsibility of leadership. We

"We stand aghast at the frequent appearance of the red flag in our public streets with men and women flaunting their defiance to God and civil authority in the redemption of the State."

"All the world knows that the homemaker, the man with property interest, however small, the man with money in the bank are no recruiting forces for Socialism and Anarchy, while on the other

"It is difficult to argue with men and women who cannot exchange an honest day's labor for an honest day's subsistence."

Seven Set Prices, Says Mayor.
In his speech of acceptance as permanent chairman Mayor Fitzgerald

The Mayor said that the men and corporations—Standard Oil, Steel, railroads—which gave these contributions, "paid the

"Enlarging upon what he meant by
"results," the Mayor went on:
"Since 1897 the cost of things that we
use upon the table, according to figures
furnished me from the market district,
has doubled, while the fortunes of a few

men have so increased that seven men can be named out of the one hundred million people in the country who could sit at a table in New York and determine whether ruin or prosperity shall prevail."

"The man who organized this trust is George W. Perkins, a former partner of Mr. Morgan and now the principal financial backer of Mr. Roosevelt. In view of Mr. Perkins' public pretence to social reform, the story of this trust is interesting."

"This is the record," said the speaker "of the corporation of which Mr. Perkins

MISSING OIL TANKS**

NEW YORK, Oct. 10.—The taking of depositions in the litigation over the operations of the Standard Oil Company to settle control of the Western-Pipe Oil Company, as the trial begins in St. Louis, December 8, following testimony marked the last day of the work. It was testified that the Standard Oil Company had purchased for \$244,000 worth of Magnolia Petroleum Company bonds by the Standard Oil Company, sold by the purchaser after the dissolution proceedings. John D. Archbold failed to respond to a subpoena. The commission is awaiting an explanation from him.

CELEBRINE DRINKER DEAD.

LITTLE ROCK, Oct. 6.—Thomas Jones, who drank poison yesterday by accident or design, died last evening at the St. Francis hospital after a brief illness from the effects of the poison. He was 30 years of age and had been in the city for some time. He leaves a wife.

Here's a bargain! Never before has it been possible to obtain a Telescope with solar eye piece attachment for less than \$8 to \$10. But because I have bought up the stock of one of the largest European manufacturers in France we are enabled to sell you this outfit for \$7.91. Think of it—the solar eye piece alone is worth more than that amount in the pleasure it gives—seeing the sun spots as they appear; and inspecting solar eclipses.

The Excelsior Telescope has a multiplicity of uses—its pleasure is never dimmed—which day discovers some new delight. Distinguish between face blackness. Read signs invisible to the naked eye. Use it in case of emergency.

Take the Excelsior Telescope with you on all your pleasures and vacation trips, and you can take in all the scenery at a glance—ship miles out; mountains encircling or vapors below; and clouds rising while climbing up the winding paths.

Use it as a microscope to find out infinite value in discovering microbes and germs in plants and acids, etc.

For certain classes of outdoor workers the Excelsior Telescope is a positive necessity. Who knows but that it may prove a great source of aid that will repay its cost many times over?

The Excelsior Telescope is mechanically constructed—bound in brass, brass wire cap to exclude dust. Powerful lenses, scientifically ground and adjusted. Handy to carry; will go in a box when closed, but when opened is

OVER 3½ FEET LONG

Circumference 5¼ inches. Heretofore telescopes of this size had sold for from \$10 to \$15. Now for \$7.91. Call on Mr. F. S. Patton, Arkansas City, Kansas, write: "Can come call cattle rancher, am unable to get away from my place, etc." and he will send you the Excelsior Telescope free of charge. Write New York, N.Y., writes: "Your price is very low, please send me the Excelsior Telescope." The American Tyrod when the sun was almost 80 per cent. covered.
